To speak to an Options Counselor in your area, call
1-855-200-ADRC (2372)

The Kansas Department for Aging and Disability Services (KDADS) does not discriminate on the basis of race, color, national origin, sex, age or disability. If you believe you have been discriminated against by either KDADS or a KDADS funded program, please contact KDADS to receive additional information on filing a complaint:

1-800-432-3535 (voice); 1-800-766-3777(TTY).

January 2015

The ADRC is a trusted source of information where people of all ages, abilities and income levels, and their caregivers, can obtain assistance in planning for their long-term service and support needs.

Aging and Disability Resource Center (ADRC)

The ADRC is a trusted source of information where people of all ages, abilities and income levels - and their caregivers - can go to obtain assistance in planning for their future long-term service and support needs.

The ADRC is designed to empower older adults and persons with disabilities to make informed choices about their services and supports. Staff at the ADRC provide objective information and assistance to help people access private or publicly funded service programs.

Options Counseling

Making decisions about long term care services can be difficult. An Options Counselor can help by providing unbiased information that is relevant to the individual's needs, preferences and goals. This person-centered service supports the individual in making informed choices about their long-term care service options.

Information, Referral and Assistance

The ADRC has a statewide call center that is operated by knowledgeable staff trained in community resource information. The call center is a wealth of resource information for community services (in-home services, transportation, home delivered meals, etc.). Call center staff can link individuals to a local Options Counselor or to appropriate services and supports (ex. PACE or KanCare providers, home health agencies, etc.).

The call center is answered Monday—Friday 8:00 AM– 5:00 PM and individuals can leave a message after hours. Each ADRC is open to the public for personalized information and assistance.

Assessments

For individuals who are interested in a Home and Community Based Services (HCBS) program (for the Frail Elderly, Physically Disabled and to those with Traumatic Brain Injury), the Program for All Inclusive Care for the Elderly (PACE), or Money Follows the Person (MFP) the ADRC can conduct the functional assessment needed to determine eligibility for the appropriate HCBS program

For those interested in entering a nursing facility, the ADRC can inform individuals about their choices in long term care settings. The ADRC can complete a CARE assessment prior to nursing facility admission.
