ADA compliance solutions that work for your business

Our aim is to help businesses and other organizations ensure their facilities are fully compliant with the Americans with Disabilities Act. We provide individualized, on-site consulting services to give you an accurate assessment of your needs.

We'll work with you to solve your accessibility issues, including building and parking access for new and existing structures. We consult with you on design modifications and reasonable accommodations to make your business more accessible. We also consult on employment accommodations and on service animal issues.

The best solutions for your compliance needs

Our consultants are ADA certified or are working toward certification. We provide the most accurate interpretation of regulations available to assure that your organization is fully compliant with current ADA regulations.

Custom solutions

We work with you to find the most reasonable compliance solutions to fit your particular business or organization.

Affordable solutions

Our affordable, comprehensive services can help you avoid costly legal fees and modification costs. We provide both hard copies and digital copies of our findings as well as ongoing consultation. For an estimate, call us at **316-942-6300** or e-mail us at ada@ilrcks.org.
